## LEVEL 3 BTEC SPORT EXTENDED DIPLOMA (2 YEAR)

Students who study this course typically progress to university, gain scholarships in America or progress to apprenticeships. Students also utilise their skills through volunteer or paid coaching sessions. In addition to this our player performance pathway allows students the opportunity to play semi-professional football or be scouted for professional clubs or scholarships.

The Level 3 BTEC sport programme allows you to achieve first-class qualifications through classroom and vocational learning, whilst building your independence and gaining valuable practical experience in the sport and leisure industry. The Diploma is the equivalent of three A Levels. Embedded within the course is football coaching and playing in order for you to enhance your practical skills and experience.

You will complete modules that cover a range of different subjects, including coaching, anatomy and physiology, psychology, nutrition, work experience and performance analysis and learn both in the classroom and through practical application of skills.

In addition to the main qualification, you will have the chance to gain extra qualifications, such as FA Level 1 Coach Award and Sport Leader Awards.

## NVQ LEVEL 2 ACTIVITY SPORT LEADERSHIP (1 YEAR)

Studying for an NVQ is ideal if you wish to gain employment and work experience within designing, coaching and evaluating sports sessions. You will be assessed through a portfolio-based folder, containing all the core knowledge you need to deliver sessions, including evidence of taking part in practical and class based activities.

You need to demonstrate an interest in working with children, adults and participants with disabilities working towards developing their skills, and confidence within sport sessions.

You will be based in school for two to three days whilst the remainder of the week will be spent in the community undertaking work experience with the Everton in the Community Sport Development team, organising and running sport sessions. You will need a flexible approach to studying as you may be required to assist on sessions during evenings or weekends.

Level 2 NVQ is an essential qualification if you wish to work within the coaching industry.

## LEVEL 2 OCR EXTENDED CERTIFICATE

The OCR Extended Certificate allows students the opportunity to gain academic and practical skills. Students typically follow seven sport related units and are assessed through a variety of theory and practical work.

Typical units include:

- Organising sport events
- Practical sports
- Health and exercise
- Social issues in sport
- Coaching and Leadership

The course is suited for those students who wish to progress to BTEC Level 3 or gain an overview of sport in order to gain experience and employment within the industry.

## L1 BTEC SPORT CERTIFICATE

For those students who do not achieve the required grades at GCSE for Level 2 study, we offer a foundation learning course in sport. You will study this alongside your GCSE English and maths. The course will prepare you for the world of work and offers:
